

English

We will be reading tales from other cultures and we will be writing our own tales. We will write non-fiction texts such as recounts, instructions, explanations and information texts.

We will be writing using our phonics to help us spell, using the correct letter sizes and formation and different grammatical skills to make our writing interesting!

Science

We will learn about the importance for humans of exercise and a healthy diet. We will learn about different animals and their offspring.

DT

We will be taste testing different cereal bars and investigating how healthy they are. We will design and make our own healthy cereal bars too.

Geography

We will use maps, atlases and globes to identify continents and countries as we explore the different habitats of animals. We will identify the hot and cold areas of the world as we look at these habitats as well as using geographical vocabulary to identify features of habitats.

Class 1's curriculum - Summer

"Being healthy"

"All around the world."

RE

We will be learning about sacred places this term. We will look at how different religions have special places, objects and traditions.

Homework

You can help your child at home by reading with them as much as possible and completing their homework with them.

Maths
