

Class 1 Autumn term 1 - Fire!

Literacy

Texts:

'The paper bag princess', 'The tiger chid', 'How rabbit stole the fire' and 'The fire children.'

Read and write diary entries - Samuel Pepys.

Write a newspaper article about the Great Fire of London

Fire safety posters.

Drama - Role play the events of the Great Fire of London

Geography/History

We will learn about The Great Fire of London and create a timeline of events.

We will locate London on a map and create a map of our 'escape route' from school - where do we go if there was a fire?

Art / DT

We will create fire silhouette pictures and make bread just like in the bakery where the fire started.

Maths

This term we will be learning about place value, addition and subtraction.

We will learn these concepts by looking at lots of practical resources and we will be starting our MOB maths times table challenge too.

RE

Our topic this term is 'Creation - who made the world.'

We will look at the story of creation in the Bible and learn what Christians believe this says about God.

Science

We will investigate the properties of different materials:

- what happens to different materials when they are heated and cooled.
- identify similarities and differences between materials and group them accordingly.
- understand the relationship between water, ice and steam.
- what is the difference between man-made and natural materials?
- What were the houses in 1666 like? What materials were used to build them? Would the fire have spread so quickly if the houses had been made out of materials used today?

Computing

This term we will be learning basic computer skills, practicing our word processing skills and learning to log on and save to the computer.

PE

We will be having our Atlas coach back again this year for PE.
